

Bearing No. HK2216-2RS

|                                                               |                                     |
|---------------------------------------------------------------|-------------------------------------|
| Size (mm)                                                     | 22x28x16                            |
| Width (B)                                                     | 16.0000                             |
| Width (mm)                                                    | 16                                  |
| Shaft (Fw)                                                    | 22.000                              |
| Weight (g)                                                    | 18.00                               |
| Bearing Type                                                  | Cage Retained Rollers,<br>Two Seals |
| Outer Dia (D)                                                 | 28.0000                             |
| Bearing number                                                | HK2216-2RS                          |
| Bore Diameter (mm)                                            | 22                                  |
| Outer Diameter (mm)                                           | 28                                  |
| Dynamic Load Rating (Cr)                                      | 9,100                               |
| Static Load Rating (Cor)                                      | 13,400                              |
| Max Speed (Grease) (X1000 RPM)                                | 8,000                               |
| Material - Drawn cup:<br>Hardened carbon steel alloy, Rollers | 52100 Chrome steel or<br>equivalent |
