

Bearing No. 6304/HR22Q2

|                                           |             |
|-------------------------------------------|-------------|
| D                                         | 52 mm       |
| d                                         | 20 mm       |
| B                                         | 15 mm       |
| Size (mm)                                 | 52x20x15    |
| Width (mm)                                | 15          |
| d <sub>1</sub>                            | 30.3 mm     |
| D <sub>1</sub>                            | 41.6 mm     |
| Bearing number                            | 6304/HR22Q2 |
| Limiting speed                            | 840 r/min   |
| Bore Diameter (mm)                        | 52          |
| Outer Diameter (mm)                       | 20          |
| r <sub>1</sub> - min.                     | 0.9 mm      |
| Basic dynamic load rating - C             | 0.35 kN     |
| Basic static load rating - C <sub>0</sub> | 0.28 kN     |
