

Bearing No. Bronson Speed G2

Size (mm)	8x22x7
Width (mm)	7
Bearing number	Bronson Speed G2
Bore Diameter (mm)	8
Outer Diameter (mm)	22
Deep Groove Raceways: Balls roll deep in raceway channels	reduces side impact damage & breakage
High Speed Ceramic Oil: Nano-ceramic compounds for wear protection	moisture, rust, corrosion resistant
Straight Edge Frictionless Shields: Pop off resistant - holds oil in, dirt and moisture out-easy to clean	holds oil in, dirt and moisture out easy to clean
