

Bearing No. SBPFL206-20

|                               |             |
|-------------------------------|-------------|
| d                             | 30 mm       |
| A                             | 19 mm       |
| B                             | 30 mm       |
| H                             | 113 mm      |
| J                             | 90,5 mm     |
| L                             | 84 mm       |
| N                             | 11 mm       |
| S                             | 8 mm        |
| H2                            | 71 mm       |
| A1                            | 5,2 mm      |
| Weight                        | 0,38 Kg     |
| Bolt (G)                      | M10         |
| Width (mm)                    | 30          |
| Bearing number                | SBPFL206-20 |
| Bore Diameter (mm)            | 30          |
| Basic dynamic load rating (C) | 19,5 kN     |
| Basic static load rating (C0) | 11,3 kN     |
