

Bearing No. UCFS309-28

|                               |            |
|-------------------------------|------------|
| L                             | 160 mm     |
| d                             | 44,45 mm   |
| B                             | 57 mm      |
| J                             | 125 mm     |
| N                             | 19 mm      |
| S                             | 22 mm      |
| A3                            | 11 mm      |
| H3                            | 125 mm     |
| A4                            | 33 mm      |
| A5                            | 49 mm      |
| A1                            | 18 mm      |
| A2                            | 14 mm      |
| Weight                        | 4,4 Kg     |
| Bolt (G)                      | M16        |
| Bearing number                | UCFS309-28 |
| Bore Diameter (mm)            | 44,45      |
| Basic dynamic load rating (C) | 48,9 kN    |
| Basic static load rating (C0) | 29,5 kN    |
