

Bearing No. UCF211-32

|                               |           |
|-------------------------------|-----------|
| d                             | 50,8 mm   |
| A                             | 43 mm     |
| B                             | 55,6 mm   |
| J                             | 130 mm    |
| L                             | 162 mm    |
| N                             | 19 mm     |
| S                             | 22,2 mm   |
| A0                            | 58,4 mm   |
| A1                            | 18 mm     |
| A2                            | 25 mm     |
| Weight                        | 3,4 Kg    |
| Bolt (G)                      | M16       |
| Bearing number                | UCF211-32 |
| Bore Diameter (mm)            | 50,8      |
| Basic dynamic load rating (C) | 43,4 kN   |
| Basic static load rating (C0) | 29,4 kN   |
