

**Bearing No. UCF212-36E**

|                               |            |
|-------------------------------|------------|
| d                             | 57,15 mm   |
| A                             | 48 mm      |
| B                             | 65,1 mm    |
| J                             | 143 mm     |
| L                             | 175 mm     |
| N                             | 17 mm      |
| S                             | 25,4 mm    |
| A0                            | 68,7 mm    |
| A1                            | 18 mm      |
| A2                            | 29 mm      |
| Weight                        | 4,2 Kg     |
| Bolt (G)                      | 5/8        |
| Bearing number                | UCF212-36E |
| Bore Diameter (mm)            | 57,15      |
| Basic dynamic load rating (C) | 52,4 kN    |
| Basic static load rating (C0) | 36,2 kN    |
